

OFFICE OF THE STATE CONTROLLER
STATE MANDATED COSTS CLAIMING INSTRUCTIONS NO. 2002-03
EMPLOYEE BENEFITS DISCLOSURE

APRIL 8, 2002

In accordance with Government Code Section (GC §) 17561, eligible claimants may submit claims to the State Controller's Office (SCO) for reimbursement of costs incurred for state mandated cost programs. The following are claiming instructions and forms that eligible claimants will use for the filing of claims for the Employee Benefits Disclosure program. These claiming instructions are issued subsequent to adoption of the program's parameters and guidelines (P's & G's) by the Commission on State Mandates (COSM).

Education Code § 42140 as added by Chapter 650, Statutes of 1994, and amended by Chapter 525, Statutes of 1995, and Chapter 1158, Statutes of 1996, requires the superintendent of the school district or the county superintendent of schools to annually provide information to the governing board of the school district or the county board of education regarding the estimated accrued but unfunded cost of health and welfare benefits if these benefits are provided for employees upon retirement and will continue after employees reach 65 years of age, pursuant to a collective bargaining agreement existing prior to January 1, 1995.

Education Code § 42142, as added by Chapter 650, Statutes of 1994, requires the superintendent of the school district to forward to the county superintendent of schools within 45 days of adopting a collective bargaining agreement, any revisions to the school district's current year budget that are necessary to fulfill the terms of that agreement. These changes shall also be reflected in any interim fiscal reports or multiyear fiscal projections.

On February 22, 2001, the COSM determined that Chapter 650/94, et al establish costs mandated by the State according to the provisions listed in the attached P's & G's. For your reference, the P's & G's are included as an integral part of the claiming instructions.

Eligible Claimants

Except for community colleges, any school district individually, or beginning July 1, 1997, as a joint powers agency pursuant to Chapter 1158, Statutes of 1996, that incurs increased costs as a direct result of this mandate is eligible to claim reimbursement of these costs.

Filing Deadlines

A. Reimbursement Claims

Reimbursement claims must be filed within 120 days from the issuance date of claiming instructions. Costs incurred in implementing the provisions of Chapter 650/94 are reimbursable for the period January 1, 1995, through June 30, 1995, and fiscal years 1995-96 to 2000-01. Costs incurred in implementing the provisions of Chapter 525/95 and Chapter 1158/96 are reimbursable for fiscal years 1997-98, through 2000-01. Reimbursement claims must be filed with the SCO and be delivered or postmarked on or before **August 6, 2002**. Estimated claims for 2001-02 fiscal year must also be delivered or postmarked on or before

August 6, 2002. Thereafter, having received payment for an estimated claim, the claimant must file an annual reimbursement claim by January 15 of the following fiscal year. Claims filed after the deadline will be reduced by a late penalty of 10%, not to exceed \$1,000.

In order for a claim to be considered properly filed, it must include any specific supporting documentation requested in the instructions. **Claims filed more than one year after the deadline will not be accepted**

B. Estimated Claims

Unless otherwise specified in the claiming instructions, school districts are not required to provide cost schedules and supporting documents with an estimated claim if the estimated amount does not exceed the previous fiscal year's actual costs by more than 10%. Claimants can simply enter the estimated amount on form FAM-27, line (07). However, if the estimated claim exceeds the previous fiscal year's actual costs by more than 10%, claimants must complete supplemental claim forms to support their estimated costs as specified for the program to explain the reason for the increased costs. If no explanation supporting the higher estimate is provided with the claim, it will automatically be adjusted to 110% of the previous fiscal year's actual costs. Future estimated claims filed with the SCO must be postmarked by January 15 of the fiscal year in which costs will be incurred. Claims filed timely will be paid before late claims.

Minimum Claim Cost

GC Section 17564 provides that no claim shall be filed pursuant to Sections 17551 and 17561, unless such a claim exceeds two hundred dollars (\$200), provided that a county superintendent of schools or county may submit a combined claim on behalf of school districts, direct service districts, or special districts within their county if the combined claim exceeds \$200, even if the individual school district's, direct service district's, or special district's claims do not each exceed \$200. The county superintendent of schools or the county shall determine if the submission of the combined claim is economically feasible and shall be responsible for disbursing the funds to each school, direct service, or special district. These combined claims may be filed only when the county superintendent of schools or the county is the fiscal agent for the districts. A combined claim must show the individual claim costs for each eligible district. All subsequent claims based upon the same mandate shall only be filed in the combined form unless a school district, direct service district, or special district provides to the county superintendent of schools or county and to the SCO, at least 180 days prior to the deadline for filing the claim, a written notice of its intent to file a separate claim.

Reimbursement of Claims

Initial reimbursement claims will only be reimbursed to the extent that expenditures can be supported and, if such information is unavailable, claims will be reduced. In addition, ongoing reimbursement claims must be supported by documentation as evidence of the expenditures. Examples of documentation may include, but are not limited to, employee time records that identify mandate activities, payroll records, invoices, receipts, contracts, travel expense vouchers, purchase orders, and caseload statistics.

Audit of Costs

All claims submitted to the SCO are reviewed to determine if costs are related to the mandate, are reasonable and not excessive, and the claim was prepared in accordance with the P's & G's adopted by the COSM. If any adjustments are made to a claim, a "Notice of Claim Adjustment" specifying the claim component adjusted, the amount adjusted, and the reason for the adjustment, will be mailed within 30 days after payment of the claim.

On-site audits will be conducted by the SCO as deemed necessary. Accordingly, all documentation to support actual costs claimed must be retained for a period of two years after the end of the calendar year in which the reimbursement claim was filed or amended regardless of the year of costs incurred. When no funds are appropriated for initial claims at the time the claim is filed, supporting documents must be retained for two years from the date of initial payment of the claim. Claim documentation shall be made available to the SCO on request.

Retention of Claiming Instructions

The claiming instructions and forms in this package should be retained permanently in your Mandated Cost Manual for future reference and use in filing claims. These forms should be duplicated to meet your filing requirements. You will be notified of updated forms or changes to claiming instructions as necessary.

For your reference, these and future mandated costs claiming instructions and forms can be found on the Internet at www.sco.ca.gov/ard/local/locreim/index.htm.

I. SUMMARY OF THE MANDATE

On February 22, 2001 the Commission on State Mandates (Commission) adopted its Statement of Decision finding that Education Code sections 42140 and 42142 require some new activities, as specified below, which constitute new programs or higher levels of service within existing programs upon school districts and/or county offices of education within the meaning of article XIII B, section 6 of the California Constitution and impose costs mandated by the state pursuant to Government Code section 17514.

Accordingly, the Commission approved this test claim for the following specific new activities:

- A. School districts and county offices of education (either individually or as a member of a joint powers agency effective September 30, 1996 (Stats. 1996, ch. 1158)), that provide retirement health and welfare benefits for employees, continuing after employees reach 65 years of age, pursuant to a collective bargaining agreement existing prior to January 1, 1995, are required to:
 - 1. Produce an actuarial report every three years (performed by an actuary who is a member of the American Academy of Actuaries effective January 1, 1996) regarding the estimated accrued but unfunded cost of health and welfare benefits for retired employees. (Ed. Code, § 42140, subd. (a).)
 - 2. Annually provide cost information to its governing board regarding the estimated accrued but unfunded cost of providing health and welfare benefits for retired employees. (Ed. Code, § 42140, subd. (a).)
 - 3. Annually present cost information and a copy of the actuarial report to its governing board at a public meeting regarding the funding of health and welfare benefits for retired employees. (Ed. Code, § 42140, subd. (a).)
 - 4. Publicly disclose, at that public meeting, as a separate agenda item, whether it will reserve a sufficient amount of money in its budget to fund the present value of the accrued but unfunded health and welfare benefits for retired employees. (Ed. Code, § 42140, subd. (b).)

5. Annually certify to the county superintendent of schools the actual amount reserved in its budget for health and welfare benefits for retired employees. (Ed. Code, § 42140, subd. (c).)
 6. Annually certify to the State Superintendent of Public Instruction the actual amount reserved in its budget for the subject employee benefits and the actual amount reserved in its budget for health and welfare benefits for retired employees. (Ed. Code, § 42140, subd. (c).)
- B. School districts, within 45 days of adopting a collective bargaining agreement, shall forward to the county superintendent of schools any revisions to the school district's current year budget that are necessary to fulfill the terms of that agreement, with any additional costs reflected in interim fiscal reports or multiyear fiscal projections. (Ed. Code, § 42142.)

II. ELIGIBLE CLAIMANTS

Any "school district" (individually, or beginning on July 1, 1997, as a joint powers agency),¹ as defined in Government Code section 17519, except for community colleges, which incurs increased costs as a result of this mandate, is eligible to claim reimbursement.

III. PERIOD OF REIMBURSEMENT

Government Code section 17557, prior to its amendment by Statutes of 1998, chapter 681 (effective September 22, 1998), stated that a test claim must be submitted on or before December 31 following a given fiscal year to establish eligibility for that fiscal year. This test claim was filed on December 26, 1995. The test claim was subsequently amended on July 31, 1998, to include Statutes of 1995, chapter 525, and Statutes of 1996, chapter 1158. Therefore, the reimbursement periods are as follows:

- Statutes of 1994, chapter 650, became operative and effective on January 1, 1995. Therefore, the costs incurred for Statutes of 1994, chapter 650, are eligible for reimbursement on or after January 1, 1995.
- Statutes of 1995, chapter 525, became operative and effective on January 1, 1996. Therefore, the costs incurred for Statutes of 1995, chapter 525, are eligible for reimbursement on or after July 1, 1997.
- Statutes of 1996, chapter 1158, became operative and effective on September 30, 1996. Therefore, costs incurred for Statutes of 1996, chapter 1158, are eligible for reimbursement on or after July 1, 1997.

Actual costs for one fiscal year shall be included in each claim. Estimated costs for the subsequent year may be included on the same claim, if applicable. Pursuant to Government Code section 17561, subdivision (d)(1), all claims for reimbursement of initial years' costs shall be submitted within 120 days of release of claiming instructions by the State Controller.

¹ Pursuant to Statutes of 1996, chapter 1158.

If the total costs for a given fiscal year do not exceed \$200, no reimbursement shall be allowed, except as otherwise provided for by Government Code section 17564.

IV. REIMBURSABLE ACTIVITIES

For each eligible claimant, the following activities are eligible for reimbursement:

A. Retirement Health and Welfare Benefits

The following activities apply only to school districts and county offices of education that were required to provide retirement health and welfare benefits to their employees under contracts in existence prior to January 1, 1995:

Obtaining Triennial Actuarial Report

- Obtain every three years an actuarial report regarding the estimated accrued but unfunded cost of health and welfare benefits for retired employees. The actuarial report shall incorporate annual fiscal information. (Ed. Code, § 42140, subd. (a).)
- The actuarial report shall be performed by an actuary who is a member of the American Academy of Actuaries.² (*Reimbursement period begins July 1, 1997.*) (Ed. Code, § 42140, subd. (a).)
- If the school district or county office of education regularly contracts for an actuarial report for other fiscal matters, a separate actuarial report is not required if the estimate of costs required by Education Code section 42140, subdivision (a), is separately and clearly set forth in that report. (Ed. Code, § 42140, subd. (a).)

Annual Board Report

- Annually provide cost information regarding the estimated accrued but unfunded cost of providing health and welfare benefits for retired employees to the governing board of the school district or the county board of education. The estimate of cost shall be based upon the actuarial report. (Ed. Code, § 42140, subd. (a).)
- Annually present the cost information and a copy of the actuarial report on which the estimated costs are based to the governing board at a public meeting regarding the funding of health and welfare benefits for retired employees. (Ed. Code, § 42140, subd. (b).)
- At that public meeting, the governing board shall disclose, as a separate agenda item, whether or not the board will reserve a sufficient amount of money in its budget to fund the present value of the health and welfare benefits of existing retirees or the future cost of employees who are eligible for benefits in the current fiscal year, or both. (Ed. Code, § 42140, subd. (b).)

² As added by Statutes of 1995, chapter 525.

Annual Certification and Budget Revisions

- The school district governing board shall annually certify to the county superintendent of schools the amount of money, if any, that the board has decided to reserve in its budget for the cost of the health and welfare benefits for retired employees, and shall submit to the county superintendent of schools any budget revisions that may be necessary to account for that budget reserve. (Ed. Code, § 42140, subd. (c).)
- The county board of education shall annually certify to the State Superintendent of Public Instruction the amount of money, if any, that has been reserved in the budget of the county office of education for the cost of health and welfare benefits for retired employees. (Ed. Code, § 42140, subd. (c).)

B. Collective Bargaining Budget Revisions

- Within 45 days of adopting a collective bargaining agreement, the superintendent of the school district shall forward to the county superintendent of schools any revisions to the school district's current year budget that are necessary to fulfill the terms of that agreement. Any additional costs to the school district that may result from the terms of the collective bargaining agreement shall be reflected in interim fiscal reports or multi-year fiscal projections. (Ed. Code, § 42142.)

C. Training

- Train staff on implementing the reimbursable activities listed in section IV, activities A and B, of these parameters and guidelines. (One-time activity for each employee.)

V. CLAIM PREPARATION AND SUBMISSION

Each claim for reimbursement pursuant to this mandate must be timely filed and identify each of the following cost elements to each reimbursable activity identified in Section IV of this document.

A. Direct Cost Reporting

Direct costs are those costs incurred specifically for the reimbursable activities. Direct costs that are eligible for reimbursement are:

1. Salaries and Benefits

Report each employee implementing the reimbursable activities by name, job classification, and productive hourly rate (total wages and related benefits divided by productive hours). Describe the specific reimbursable activities performed and the hours devoted to each reimbursable activity performed.

2. Materials and Supplies

Report the cost of materials and supplies that have been consumed or expended for the purpose of the reimbursable activities. Purchases shall be claimed at the actual price after deducting discounts, rebates, and allowances received by the claimant. Supplies that are withdrawn from inventory shall be charged on an appropriate and recognized method of costing, consistently applied.

3. Contracted Services

Report the name of the contractor and services performed to implement the reimbursable activities. Attach a copy of the contract to the claim. If the contractor bills for time and materials, report the number of hours spent on the activities and all costs charged. If the contract is a fixed price, report the dates when services were performed and itemize all costs for those services.

4. Fixed Assets and Equipment

Report the purchase price paid for fixed assets and equipment (including computers) necessary to implement the reimbursable activities. The purchase price includes taxes, delivery costs, and installation costs. If the fixed asset or equipment is also used for purposes other than the reimbursable activities, only the pro-rata portion of the purchase price used to implement the reimbursable activities can be claimed.

5. Travel

Report the name of the employee traveling for the purpose of the reimbursable activities. Include the date of travel, destination point, the specific reimbursable activity requiring travel, and related travel expenses reimbursed to the employee in compliance with the rules of the local jurisdiction. Report employee travel time according to the rules of cost element A.1, Salaries and Benefits, for each applicable reimbursable activity.

6. Training

Report the cost of training an employee to perform the reimbursable activities, as specified in Section IV of this document. Report the name and job classification of each employee preparing for, attending, and/or conducting training necessary to implement the reimbursable activities. Provide the title, subject, and purpose (related to the mandate of the training session), dates attended, and location. If the training encompasses subjects broader than the reimbursable activities, only the pro-rata portion can be claimed. Report employee training time for each applicable reimbursable activity according to the rules of cost element A.1, Salaries and Benefits, and A.2, Materials and Supplies. Report the cost of consultants who conduct the training according to the rules of cost element A.3, Contracted Services.

B. Indirect Cost Rates

Indirect costs are costs that have been incurred for common or joint purposes. These costs benefit more than one cost objective and cannot be readily identified with a particular final cost objective without effort disproportionate to the results achieved. After direct costs have been determined and assigned to other activities, as appropriate, indirect costs are those remaining to be allocated to benefited cost objectives. A cost may not be allocated as an indirect cost if any other cost incurred for the same purpose, in like circumstances, has been claimed as a direct cost.

Indirect costs include: (a) the indirect costs originating in each department or agency of the governmental unit carrying out state mandated programs, and (b) the costs of central governmental services distributed

through the central service cost allocation plan and not otherwise treated as direct costs.

School districts must use the J-380 (or subsequent replacement) nonrestrictive indirect cost rate provisionally approved by the California Department of Education.

County offices of education must use the J-580 (or subsequent replacement) nonrestrictive indirect cost rate provisionally approved by the California Department of Education.

VI. SUPPORTING DATA

A. Source Documents

For auditing purposes, all incurred costs claimed must be traceable to source documents that show evidence of the validity and relationship to the reimbursable activities. Documents may include, but are not limited to, worksheets, employee time records or time logs, cost allocation reports (system generated), invoices, receipts, purchase orders, contracts, agendas, training packets with signatures and logs of attendees, calendars, declarations, and data relevant to the reimbursable activities otherwise reported in compliance with local, state, and federal government requirements.

B. Record Keeping

Pursuant to Government Code section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter is subject to audit by the State Controller no later than two years after the end of the calendar year in which the reimbursement claim is filed or last amended.* See the State Controller's claiming instructions regarding retention of required documentation during the audit period.

VII. OFFSETTING SAVINGS AND REIMBURSEMENTS

Any offsetting savings the claimant experiences in the same program as a result of the same statutes or executive orders found to contain the mandate shall be deducted from the costs claimed. In addition, reimbursement for this mandate received from any source, including but not limited to, service fees collected, federal funds and other state funds shall be identified and deducted from this claim.

VIII. STATE CONTROLLER'S OFFICE REQUIRED CERTIFICATION

An authorized representative of the claimant shall be required to provide a certification of the claim, as specified in the State Controller's claiming instructions, for those costs mandated by the state contained herein.

IX. PARAMETERS AND GUIDELINES AMENDMENTS

Parameters and guidelines may be amended pursuant to Title 2, California Code of Regulations, section 1183.2.

* This refers to Title 2, division 4, part 7, chapter 4 of the Government Code.
